WHO IS Sharon Timmer?

Sharon Timmer was diagnosed with stage 4 breast cancer several years ago. Since then, Sharon has taken treatments, been in remission, and then found that the cancer had spread to the bone with some lymph nodes involved.

After a fall last December, Sharon was confined to a wheelchair for several weeks with a broken right foot and a broken left ankle.

A recent series of scans showed that Sharon now has malignant spots in her brain. Her wonderful faith and spirit of optimism kicked in when the doctor told her radiation could eliminate the cancer in her brain. As a result, she is taking treatments five days a

week and is not allowed to drive.

Sharon is a lovely lady with a dry sense of humor who doesn't let cancer keep her from living her life. We welcome the opportunity to encourage and honor her at the "**Helping One Woman**" dinner.

Julie Lefevers's H.O.W. Dinner October 19, 2010

It was a joyful evening to honor our H.O.W. October recipient, Julie Lefevers. Julie was surrounded by family and friends and others who came to support her.

Julie's sister-in-law read a sweet letter from Julie's husband that filled the room with tears and laughter.

The total funds raised for the evening was \$987.00 for Julie.
