

H.O.W.

One woman giving \$10.00 can buy another woman lunch.

Ten women giving \$10.00 can buy another woman's groceries.

One hundred women giving \$10 each can make a real difference in another woman's life.

Marietta Georgia Chapter

September 2010

Who is Lynn Carswell?

Lynn was diagnosed with autoimmune hepatitis at the age of 21. She had a liver transplant at the age of 35. At 50, Lynn was diagnosed with chronic failure due to anti rejection medication over the years.

Lynn started dialysis in December of 2009. She had extreme difficulties in placement of a permanent access for dialysis. Veins were harvested from both legs to create a fistula. Necrosis (infection) developed in her left leg which has taken 5+ months to heal.

Lynn has scarring in each limb torso. Over the duration of 8 month period, she has been in the hospital 18 times with 15 procedures or

She suffered from a heart attack in July 2010.

The medical expenses incurred as well as the travel expenses to and from doctors and hospitals have been astronomical in just 11 months! Dialysis alone cost \$4,000 per treatment. Lynn receives 3 treatments a week. She is in need of a kidney transplant and is currently undergoing the evaluation process. Lynn and her family appreciate the support, encouragement, and prayers.
